ABOUT CROSSROADS SERVICES BOARD

Crossroads Community Services Board was organized in 1973 as a cooperative venture among the counties of Amelia, Buckingham, Charlotte, Cumberland, Lunenburg, Nottoway, and Prince Edward. The Services Board, the governing body over the agency's programs, consists of representatives appointed by the Board of Supervisors in each of the counties and includes elected officials, individuals receiving services, family and community members.

The focus of the Crossroads Community Services Board is to prevent and treat the occurrence of mental illness, intellectual disabilities, substance use and co-occurring disorders and to enhance the functioning of individuals and families who experience these conditions.

The major efforts of Crossroads are directed toward the transformation into a true community based system of care. The individual participates in a service system based on principles of recovery. All programs and services use the recovery model in which peer supports and participation are essential elements.

Funding which supports the service delivery system comes from a variety of sources: state, local and federal governments, and fees for service (over 75% of revenue). Contributions to the agency, which is organized as a public non-profit organization, are tax deductible and represent special revenue which directly benefits individuals receiving services.

In accordance with Federal and State mandates, no person will be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the Board's programs based on race, age, color, sex, gender, religion, creed, national origin, socio-economic, genetic information or disability.

Check out the agency's website:

www.crossroadscsb.org

ADMINISTRATIVE SERVICES

Administration staff provide management services in these areas of Board operations: Fiscal including Payroll and Fringe Benefit Management, Reimbursement, Accounting and Contract Management, Personnel, Management Information Systems including Data Entry and Performance Contract Management, Quality Assurance, Planning, Human Rights and Community Relations and Board of Director functions.

CROSSROADS PROGRAMS AND SERVICES

Emergency/Crisis Intervention Services: Provides crisis services 24 hours a day, 365 days a year for all persons who experience acute emotional crisis related to mental illness, substance use, or co-occurring disorders. Includes prescreening for public or private psychiatric hospital admission and evaluation for admission to a chemical addictions detoxification or treatment center.

Outpatient Services: Provides counseling services to children and adults who experience emotional difficulties or mental illness, substance use or co-occurring disorders or who are at risk of developing mental illness, substance use or co-occurring disorders. Services include evaluation, diagnosis, individual, family, couple, or group counseling, and psychotherapy.

Piedmont Regional Juvenile Detention Center Program: Provides a therapist and case manager for the detention center. Program links with community resources and families in an attempt to reduce recidivism and to aid in a productive return to the community setting.

Assessment/Referral Services: Provides initial evaluation by a Mental Health Professional with assessment and access to appropriate level of services.

Psychiatric/Medication Management/Nursing Services: Provides psychiatric evaluations, consultations and medication management for individuals in need of psychotropic medications. Nursing services are available for injections, phlebotomy, consumer education and to assist consumers in accessing indigent medication programs. Nurses are available to provide health screenings and wellness education on healthy life styles for individuals and families.

Case Management Services: Provides accessing, linking, locating and coordinating services for individuals with available community resource systems. Staff closely monitor individuals to assist with community stabilization and functioning.

Town House: Psychosocial rehabilitation day program for individuals who experience the effects of mental illness, substance use or co-occurring disorders with an emphasis on the development of the skills and abilities to function as independently as possible and reintegrate into the community.

Prevention/Education Services: Provides numerous services to at-risk youth and families including community education, school based programs, consultation, training sessions and targeted prevention programs.

Substance Abuse Services: Provides services to chemically dependent youth, pregnant women, and other adults within the context of a structured outpatient program. Other services include individual, group and family therapy; intervention training; educational programs; and referrals to contractual detoxification, inpatient, and residential primary care facilities.

Case Management (ID Services): Community linkages for services for children and adults with intellectual disabilities and developmental delays.

Supported Residential Services: Services that provide support to consumers with mental illness, intellectual disabilities and/or substance abuse problems in their own home, or through residential placements in the homes of service providers.

Respite Services: Short term residential services provided to give relief to primary caregivers or to allow time for stabilization/adjustment of living situation.

Charter Oak/KREST/Southside Enterprises: Day support, vocational training and placement in work activity, sheltered employment, or work crews.

Alternative Day Support: This service provides the majority of skills training activities in community settings, rather than the traditional center based model.

OBRA Services: This program provides specialized and generic training that is directed to individuals to function with as much self determination and independence as possible.

Supported Employment: This program provides persons with barriers to employment, pre-employment skills training, job development, sheltered employment, and community placement with job training and follow-along employment services.

Timberlake Village Apartments: 30 apartments which serve as residential placement for independent living. Eligible residents can receive training to improve independent living skills.

Woodland House: An eleven bed group home for individuals with intellectual disabilities.

Evergreen Manor: Evergreen Manor consists of two six-bed group homes designed to serve the needs of individuals with intellectual disabilities and other co-existing disabilities.

Brickwood House, Cumberland House, Grove House, Maryland House, Victoria House, Callahan Manor and Jamesway House: Group homes for adults with intellectual disabilities, mental illness, or co-occurring disorders.
